B	18mm Shower arm & rail	£360.58	SJK318LRCP	34
C	Exposed shower valve delivering x1 water outlet	£1,033.34	SJ7451CPLHLL	17
TOTAL PRICE		£1,657.70		

HOW TO SPECIFY
CONCEALED VALVE
DELIVERING X1 WATER OUTLET

Configure an concealed shower product combination to deliver x1 outlet of water as follows:

Item	Description	Price	Product Code	Page Ref
A	Easy clean skirted shower rose	£263.70	SJR08ECCP	32
B	18mm Overhead Shower Arm	£199.20	SJK418LRCP	34
C	Concealed valve delivering x1 water outlet	£1,134.98	SJ7651CPLHLL	18
TOTAL PRICE		£1,597.88		

CLASSICAL DUAL CONTROL EXPOSED THERMOSTATIC VALVE

Product Code **SJ7451**

Inlet: 15mm

Outlet: 3/4" top outlet

3/4" outlet nut not included

Flow Rates (valve only)

1.0 bar: 20 l/min | 3.0 bar: 35 l/min | 5.0 bar: 44 l/min

GENERAL INFORMATION

BROCHURE INFORMATION

All information contained in this brochure is accurate at the time of going to press. Marflow Engineering Limited reserves the right to introduce changes and modifications without prior notice. Please note all prices shown are inclusive of VAT at the current rate.

Whilst every attempt has been made to select images that accurately portray our products, variations in colour and style cannot be avoided. Further variations may also be caused by inconsistency in colour, reproduction and print.

DIMENSIONS

Please note all dimensions in this brochure are shown in millimetres unless otherwise stated. They are intended as a guide only and may be subject to a degree of inaccuracy.

TECHNICAL DRAWINGS & INSTALLATION GUIDES

Our technical drawings and installation guides are available to download from our website free of charge. We recommend installation is carried out only once the relevant guide has been read and understood by the installer. Please note all products in this brochure are for UK low-pressure installations. Minimum 0.2 bar recommended unless otherwise stated.

Our thermostatic shower valves are factory set to 38°C and fitted with an anti-scald device designed to protect the user by automatically cutting the water flow.

PRODUCT GUARANTEE

When installed in domestic applications, Marflow's St James Collection products are guaranteed for a period of 10 years and cartridges are guaranteed for a period of 5 years, from the date of purchase. Chrome finishes are guaranteed for 10 years and all other finishes except Unlacquered Copper and Unlacquered Brass are guaranteed for 2 years. Due to the living nature of Unlacquered Copper and Unlacquered Brass, these finishes are not guaranteed. Finish guarantees are subject to the Product Guarantee Terms and Conditions available on our website.

WEBSITE INFORMATION

Full details of all our products and their technical specifications can be found on our website, www.marflow.co.uk. We endeavour to regularly keep this updated including details of where to buy our products, copies of our latest brochures and installation details.

GENERAL INFORMATION

BROCHURE INFORMATION

All information contained in this brochure is accurate at the time of going to press. Marflow Engineering Limited reserves the right to introduce changes and modifications without prior notice. Please note all prices shown are inclusive of VAT at the current rate.

Whilst every attempt has been made to select images that accurately portray our products, variations in colour and style cannot be avoided. Further variations may also be caused by inconsistency in colour, reproduction and print.

DIMENSIONS

Please note all dimensions in this brochure are shown in millimetres unless otherwise stated. They are intended as a guide only and may be subject to a degree of inaccuracy.

TECHNICAL DRAWINGS & INSTALLATION GUIDES

Our technical drawings and installation guides are available to download from our website free of charge. We recommend installation is carried out only once the relevant guide has been read and understood by the installer. Please note all products in this brochure are for UK low-pressure installations. Minimum 0.2 bar recommended unless otherwise stated.

Our thermostatic shower valves are factory set to 38°C and fitted with an anti-scald device designed to protect the user by automatically cutting the water flow.

PRODUCT GUARANTEE

When installed in domestic applications, Marflow's Assisi Collection products are guaranteed for a period of 10 years and cartridges are guaranteed for 5 years, from the date of purchase. Chrome finishes are guaranteed for 10 years and all other finishes except Unlacquered Copper and Unlacquered Brass are guaranteed for 2 years. Due to the living nature of Unlacquered Copper and Unlacquered Brass, these finishes are not guaranteed. Finish guarantees are subject to the Product Guarantee Terms and Conditions available on our website.

WEBSITE INFORMATION

Full details of all our products and their technical specifications can be found on our website, www.marflow.co.uk. We endeavour to regularly keep this updated including details of where to buy our products, copies of our latest brochures and installation details. www.marflow.co.uk
